TULIP W
wall lamp

24

26 cm

|	
Description	TULIP is a suitable addition to the BOWL light: much more compact and with numerous features, it expands the range of functions. The touch switch function in the wall puck makes it easy to use and clear in appearance. The arm can be swiveled horizontally, making it a functional bedside light. The replaceable LED retrofit GX53 lamp fits perfectly into the aluminum shade and ensures glare-free illumination. The result is a successful mixture of functionality and minimalism.
Frame	Wall puck and tube in steel, powder-coated
Shade	Aluminum, poweder coated
Dimensions (dxhxb)	ø 13 x 24 x 26 cm
Light source	GX53, 5.5W 500lm 2700K (included; replaceable)
Energy class	F
Switch	On/Off touch-switch
Type of protection	IP20
Protection class	I
Mains voltage	220-240 V 50/60 Hz
Power	Depends on light source

BOWL
pendant & mounting lamp

filumen®

240

11

35

Description

BOWL reinterprets the charm of old industrial lamps - both decorative and functional with a contemporary, built-in LED technology. The aluminum shade is available in 3 colors: black, gray and white. The top cover, the LED housing and the pendant are matt black for all versions. The bi-colour variant in black and orange is the only one with an anodized inner surface. The contrast gives the lamp an exciting look.

Shade	Aluminum, powder-coated
Dimensions (dxh)	Ø 35 x 11 cm
Diffuser	Acrylic glass-diffuser, satinized
