

Description

The EYE wall and ceiling lamp is available in three sizes with a wide range of colours in either luxurious silk or functional chintz fabric. The fabric shade is fastened without tools using magnetic clips. A slight distance to the wall gives a floating impression. The matte diffuser screen with high transmission diffuses the light softly. Additionally, we offer different dimensions and alternative lighting components upon customer's request.

DRUM E27
pendant lamp

filumen®

Description

The pendant light DRUM is part of the CYLS collection and is manufactured in many variants. The diameters are primarily designed for large rooms. A satined diffuser with a light joint is inserted at the bottom and is easily removable. For bigger projects, various lighting technologies and a wider range of colours are available. DRUM is the timeless all-rounder when it comes to comfort.

COLUMN
floor lamp

filumen®

Description

The contrast of volumes and a simple line describe the timelessly beautiful design of the COLUMN floor lamp. A large, light-grey shade, open at the top and bottom, is attached to the matt black cross base with a plug-in connection without using any tools. Equipped with an E27 socket, a black textile cable and a foot switch, the COLUMN floor lamp is available in sizes 120 cm and 145 cm in height and looks best as a pair.

Shade

Textile shade chintz

Base

6 mm steel wire, black matt powder-coated

Supply cable

Black textile cable with a footswitch, 180 cm

Light source

ORBITER
table lamp

filumen®

Description

The ORBITER table lamp complements the COLUMN floor lamp. The matt black cross base has a graphic effect and holds the classic fabric shade. Equipped with a changeable GX53 LED lamp and diffuser on top, ORBITER lights up glare-free. This sideboard lamp is equipped with a black textile cable and a cord switch.

Shade

Fabric shade (see colour chart), with PC-diffuser

Base
